NUMBER 34

Visit to Russell County.

After a lapse of eighteen months a representative of the News visited Jamestown and Russell Springs Monday and Tuesday of last week, meeting many old friends.

Circuit court was in session at Jamestown, but only a light crowd of yeoman put in an appearance, and it was thought that the business of the term would be brought to a close in a few days. Two murder cases were docketed, but it was the general opinion that neither would be tried at the June term.

Monday afternoon was taken up by Mr. O. B. Bertram and Mr. James N. Meadows, who are candidates for County Attorney, subject to the action of the Democratic party. The Newsman heard but little of the speaking, but he was sorry that he heard what he did. It is not the purpose of the News to interfere with Democratic aspirants who are seeking a nomination, hence we only venture to say that personal attacks in food for the opposite party, and they should not be indulged in. The News hopes that there will be a cooling, and from this time forward smooth sailing.

In the Senatorial race, there is some dissatisfaction among the Republicans. Quite a number in the News are of the opinion that they would not support Adair's nominee for Senator, and that they were anxious to vote for a representative Democrat. We heard others who said that the county would give the Union Republican majority. Among the names named by the dissatisfied element, who would make acceptable candidates for the position, Hon. J. F. Montgomery, of Adair, and Hon. Joseph E. Bertram, of Wayne, were most frequently mentioned.

Monday the merchants, the bank and the hotel did a fair business. During the entire day not an intoxicated man was seen upon the square and there was no evidence of dram drinking which speaks volumes for the people of Russell county.

Monday evening the News man took tea with Mr. C. F. Jones and family. It was a delightful repast and very much enjoyed.

Late Tuesday afternoon we reached Russell Springs, finding that town greatly improved since our last visit. To get a correct idea of the size of this place and the amount of business that is being done, you must go over it, as but little can be seen in approaching it from either Columbia or Jamestown. The town is fully a square, and extends a mile long, reaching from the Russell Springs Hotel to the Fair Grounds, dwellings and business houses dotted thickly on either side of the street, and a number of residences are to be erected this year. This town will likely be incorporated soon, and when that is done concrete will be laid and an electric light plant installed. Our old friend, J. E. Snow, who owns the roller mill, can furnish the power, and being an enterprising man, he would take a delight in making satisfactory arrangements.

The business houses of Russell Springs are commendable, all the merchants having a fine run of trade. The two hotels are doing nicely and are feeding abundantly. The banking house is a very attractive building, a large two story brick, and the cashier, Mr. R. G. Woods, who is a very accommodating gentleman, informed us that the business of the institution, since it was established, a few years ago, had gone far beyond his expectations. Mr. Woods is assisted in the bank by his very estimable wife.

There is tangible talk of starting a paper at the Springs, and when that is done other enterprises will come to the front.

Meeting of the Cemetery Association.

The ladies of the Cemetery Improvement Association, who are holding regular meetings at the office of the County Superintendent a few days ago.

The ladies who have this in charge are very much interested and feel that there are a great many others who should co-operate with them in this work of improving and beautifying the town cemetery.

The many who attended the Decoration Day exercises can readily see that quite a change has already been made even with the small means at their command.

The annual fee of 50 cents is now due and those who have already subscribed this amount and any others who wish to become members will please hand their dues to Miss Sallie Baker, Secretary. The next meeting will be held July 3rd.

Bear in mind that the Monticello baseball team and the Columbia team will meet here next Friday and Saturday afternoons.

Columbia Defeats Greensburg.

The Greensburg second nine and the Columbia second nine met on the Lindsey-Wilson Campus last Saturday afternoon. The game was close up to the beginning of the fifth inning, at which stage the Columbia boys took the lead and continued in the advance. At the beginning of the ninth inning the Greensburg aggregation threw up the sponge, saying that they had enough. The score stood fourteen to five. The following is the result by innings:

Columbia	R	H	E
Quillen	2	0	0
Dohoney	2	3	0
Cravens	1	1	1
Murrell	0	2	0
Wagner	3	1	0
Waggoner	1	0	0
Montgomery	1	1	0
Kasey	3	2	0
Hancock	1	3	0
Total	14	10	4
Greensburg	R	H	E
Heartfield	0	0	0
Black	1	2	1
B. L. Lowe	1	0	0
Hogan	0	0	0
Anderson	3	1	0
G. Lowe	1	1	0
McDonald	1	0	0
L. Hogan	2	1	0
Twyman	1	2	1
Total	5	7	5

At the close of this game Ozark and Cane Valley came upon the grounds and entertained the crowd with an interesting game. There are some fine players in both of these clubs and many nice runs and hits were made. Willis, of Ozark, knocked a home run and made three two base hits. Tom Moore got a finger dislocated which was a disadvantage to Cane Valley, and the game closed 14 to 9 in favor of Ozark. We were not furnished with the score of the game.

The glorious Fourth will be celebrated here on the Third, a match game of ball having been arranged between Monticello and Columbia. It will be a holiday and the Lindsey-Wilson campus should be alive with people. It will be a great game.

To Be Married in Louisville.

This (Tuesday) evening at the Crescent Hill Presbyterian church in the city of Louisville, Miss Lucy Barrett Waggoner, second daughter of Dr. E. A. Waggoner, of this place, will be married to Mr. John C. Eastland, of Danville, who travels out of Louisville. Miss Waggoner is a young lady of rare accomplishments, possessing a lovable disposition. The intended groom is a gentleman of high character and is well-known over the State. He has frequently visited Columbia. Miss Waggoner's numerous relatives in Columbia and Adair county extend their very best wishes.

There were several good farmers in town a few days ago, it being a rainy day, and the conditions of the public roads was discussed. There were several bad mud holes pictured by various parties, but the worst of all evidently are found on the Cretaceous road, the avenue over which Mr. H. B. Barnett travels to reach the county seat. Mr. Barnett described two mud holes that would defy the most daring yet, people manage to get through. A short time ago, as stated by Mr. Barnett, Aaron Cravens, of color, was returning from Sand Lake, a small business point in the Southern part of the county, when his mule and buggy both overturned in one of the lakes of mud and water. It was with difficulty and assistance that the mule and buggy were extricated. While there has been an unusual amount of rain yet no overreacher should allow such places in his road. The Fiscal Court, last April, refused to levy a road tax and there is no other way to keep that place except as the law provides and that should be enforced.

The Blue Jim Coal.

I keep a large quantity of the Blue Jim Coal as good as ever used in a grate. I also keep other grades and make the price as low as possible. Give me your order for winter use and remove it at your leisure.

F. F. Mantz,
Campbellville, Ky.

A special term of the Russell Circuit court will be held beginning the third Monday in August, to try Henry McGowan for the second time, for killing Losier Dunbar.

It is settled that the Columbia Fair will open Tuesday, August 17. The Executive Committee and the Secretary are now at work perfecting all arrangements.

Prof. R. R. Moss will conduct the Clinton County Institute at Albany.

Mr. John A. Turner Dead.

A letter from Denton, Mo., written by Lisle Atkins to Mrs. Margaret Tucker, of this place, announces the death of Mr. John A. Turner, which occurred Monday, the 21st inst. The end came at the home of the deceased, near Denton. The letter states that Mr. Turner had a corn on one of his toes which gave him much pain, and he trimmed it. Blood poison set up and his leg had to be amputated, but death soon followed.

The deceased was a native of Adair county, about 73 years of age, and will be remembered by all the older citizens. He left this county with his family many years ago, locating near the scene of his death. For many years Mr. Turner was a consistent member of the Presbyterian Church, the funeral services being conducted by his pastor in Denton. When the civil war commenced he espoused the cause of the South, enlisted in the Confederate army, and was a gallant soldier until hostilities ceased. He is survived by his wife, who was Miss Mary Atkins, and one son, Robert Reed, who has the sympathy of many relatives in this county.

Ewing Stiles pitched a great game for the Lexington team at Frankfort, against the Capital team, last Friday. Score, 4 to 3 in favor of Lexington.

Every body gets ready to witness two big games. Monticello will play Columbia on the Lindsey-Wilson campus next Friday and Saturday afternoon. The games will be worth seeing and every lover of baseball should be present.

Notice.

A Former Citizen Dead.

Last Wednesday morning, June 23d, Mr. A. A. Grady, who lived at Park, Warren county, ended his earthly career, his death being a shock to many relatives and friends. He was seventy-five years old and was a native of Adair County, born and reared at Gradyville. He was a brother of Dr. J. H. Grady and Mr. Thomas Grady, who are well-known citizens of the Big Creek community. All the older people remember "War" Grady, as he was familiarly called, and his death was received with sorrow here. He had been a member of the Methodist Church for many years. He had also been a Mason for fifty years, and was buried by the Fraternity. Peace to his memory. sympathy for the surviving members of his family.

Stock of Goods For Sale.

On account of poor health, I desire to sell my stock of goods, consisting of harness, saddler's tools, a good harness machine and a good saddle machine. A stock of hardware and grocery, and farming implements. My stock has been cut down, and I am ready to give some man a bargain. My place of business is one of the best stands in the town of Columbia. All accounts on my books must be settled at once.

J. W. Jackman.

An educational address at the court-house this (Wednesday) night.

Nunnery-Flowers.

Dr. Thomas J. Nunnery, a prominent young physician of our community, and Miss Carrie Bright Flowers, a social favorite of our city, were happily wedded at the Presbyterian church last evening. Rev. R. J. Morgan, pastor of the Baptist church officiating in his usual happy style.

Dr. Nunnery is a young physician, prominent in his profession, and only located in our midst one year, but by faithful application to his patients has built up a lucrative practice, and is popular with his associates, and a man of sterling quality.

Miss Flowers has only lived in our midst a few months, in fact only here on a visit to her brothers, the Flowers, but soon came to be a social favorite, among our young people, because of her many accomplished attainments and womanly traits. Cupid got busy and she fell before the Dr. arrow.

After the wedding ceremony, the bride couple, accompanied by a few of their intimate friends, prepared to the home of the bride's brother, Ben F. Flowers, where a dainty wedding supper was awaiting them.

The record wishes, along with their many friends, much joy and prosperity on the sea of matrimony.—Elmer, (Okla) Record.

Mr. C. W. Thompson, one of the best known men in Metcalfe county, who runs a bank at Edmonson and is proprietor of the Buila Villa Hotel, Sulphur Well, was married Tuesday of last week to Miss Myrd Rogers, who is a popular lady of Warren county. The rites were solemnized in Sulphur Well. The couple will reside at Sulphur Well.

Action of The Fiscal Court.

At a special session of the Fiscal Court of Adair county, held at the court-house last Friday, a levy of ten cents on the one hundred dollars and twenty-five cents on the head was made for school purposes, outside of the graded school in Columbia. This levy is made to repair school buildings and to buy necessary articles to be used in school rooms throughout the county. This levy will amount to about \$2,700.

Wanted 100 Men.

I want one hundred men to work on the pike from Greensburg to the Adair county line, beginning the 2nd Monday in July. Will pay \$1.25 per day. J. A. Dulworth, Camp Knox, Ky.

Attention is called to the advertisement of the Russell Springs Hotel which appears in the News to-day. The hotel has been refurbished and repainted and it is an excellent place to which to stop. Winfrey & Phelps are the proprietors and their table is first class in every particular. Feed stable and skating rink attached.

Miss Bettie Lewis, of Louisville, who has many friends in Columbia, will be here during the Institute and will give a course of lectures. It is in her chosen profession, and as an impersonator she has but few equals.

The Baptist congregation last Sunday voted to improve the church building. New Pews will be put in, a new carpet laid, and necessary repairing and painting will be done. This church has enjoyed a healthy growth in many ways under the care of Rev. J. F. Scruggs and it is largely due to his efforts that these improvements will be made.—Midway Clipper.

Mr. Audry Frazier failed to catch a ball last Friday, pitched by Robert Donohoe, of Elda, New Mexico, and it landed on his nose. He was considerably hurt, but there will be no bad results.

If you want to enjoy a day, be at the Sunday-School convention at Glenville next Saturday. A large crowd is expected. Dinner on the ground. Good speaking and good music.

Last week the Russell Springs road from the residence of Geo. Garrison to Ozark was almost impassable. The same condition existed on the Jamestown road to beyond the five church. There is a county in the State which needs roadwork in it is Adair.

James Brown, of Seventy-Six, Clinton county, is very anxious to hear from his son, Harm or Hiram Brown. He was in the breeding section, this county, when last heard from.

There were fifteen teachers before the Board of Examiners last week. First class certificates were issued to Miss Estelle Willis and Mr. Ole Taylor.

Remember that the Adair County Teachers' Institute will begin at Columbia Monday, July 26, and that Prof. Willis, of Lexington, will conduct it.

It Was Not a Wild Cat.

A few days ago quite a sensation was created at Casey Creek, a small but prosperous town in the northeast part of this county, by the report of an exciting chase, the catching and killing of one of the largest wild cats ever seen in that section. As reported, Messrs. Elvin Napier and Bill Brown, reputable citizens of that city, went out for some squirrels but to their surprise bigger game was in the woods. Soon after entering on the hunt the dogs, without our blood in them to be game, started into a chase that convinced the on-lookers that something unusual had been struck, and in due time the animal was caught. A fierce fight ensued and the shrieks of the cat mingled with the cries of the dogs made the hair on their heads rise to an unusual height. Being game men and prepared for game they ventured to the rescue of their canines, emptying their guns six times, every shot taking effect. Thus the cat met death.

The report spread like wild fire the killing of an unusually large and fierce wild cat and congratulations were passed to the parties who had reduced the danger from wild animals in that section and evidence of their appreciation was manifest. At any rate there were some in that section who had never seen a wild cat, catamount or other ferocious animals that are sometimes killed in our little section of the state so the desire to see a wild cat prompted several to look up the animal the next day. Gladly the hunters piloted the party to the body that had been slain and to their surprise found it to be one of the largest specimens of common marten, an ordinary house cat in that part of the country.

Rev. R. L. Tally closed a very interesting meeting last week at Jones' Chapel, Cumberland county. There were eleven conversions, seven additions and the Church greatly revived.

Dr. W. F. Cartwright has given Payne & Bybee the contract to put a five room cottage, on the hill near the residence of Mr. W. H. Wilson. It is a turn key job. The cottage will be to rent.

For Sale.

Eighty acres of land 11 miles from Gradyville on Big Creek, good 5 room house and out-buildings fairly good. A desirable home, eighteen acres of good bottom, about 60 acres in cultivation. Write or call on J. Keltner, Gradyville. Price, \$11,000. 32-4t

Death of Mrs. Martha C. Biggs.

The subject of this notice died last Wednesday morning at 3 o'clock at the home of her son-in-law, W. J. Conover, a few miles from Cane Valley. The end came in the dwelling where she had lived for many years and where her children were reared. She was seventy-eight years old when the dissolution came. She was the mother of twelve children ten of whom are living all having homes in the neighborhood where she died excepting her son, J. J. Biggs, who resides in Columbia. She was one the best known women in the Cane Valley country, and was a consistent member of the Presbyterian church for many years. The funeral services were held at Mt. Carmel Church, conducted by Rev. Wm. Dugdon, who was familiar with her Christian character. There were many relatives and friends present. The interment was in the church cemetery. The surviving children have the sympathy of every body who knew the life of the deceased.

Gone to Her Reward.

Last Saturday morning Mrs. Catherine Coffey, who was the wife of Mr. W. Coffey, Montpelier locality, died after a few days suffering, being a victim of flux. The deceased was about fifty years old and was a very estimable lady who will be greatly missed by relatives and friends. The funeral services were held Sunday and were attended by a large congregation of people, who were there to express sympathy for the sorrowing husband and grief stricken children. The funeral services were conducted by Rev. Gaylor, and the interment was at the Mt. Pleasant church.

All the members of the Presbyterian church are requested to be at prayer meeting this (Wednesday) night. The meeting is called for 7:30 o'clock. There is some important business to transact, which will be done quickly in order that the congregation may attend an educational meeting at the court-house.

Bud Stearnman will teach at Albany. In the Clinton county examination he got the highest general average, 94.

Born, to the wife of Tom Powell, June 19th, a son.

There is an interesting son at the home of Mr. and Mrs. Horace Jeffries, Greensburg street. He has been exceedingly quiet since his advent into the world, in fact, he is partial to home life and is not seen away from his mother. He hopes to be out and meet all the young people some time in the near future. Notwithstanding his visit only dates from the 15th of June, he grows more like his father every day.

Tickets for the hall games on sale at Cravens' drugstore and at the Pauli Drug Co.

Last Wednesday was the third birthday of Mr. and Mrs. White, a little son of Mr. and Mrs. Sam F. White. His mother prepared refreshments and his little friends were invited in. It was a very enjoyable occasion for the smaller folks, and it also gave much pleasure to grown persons who delighted to see the little boys and little girls play as they did in the days of "Auld Lang Syne."

Amount of Tonnage.

Editor of the News:

I saw some time ago the question asked in your paper what amount of tonnage is hauled on wagons from Columbia to Campbellsville annually. I have given the matter some consideration from around Cane Valley to Campbellsville and have arrived at an estimate based upon the information as to logs hauled from Cane Valley to Campbellsville from one of the log men whom I presume knows more about the tonnage of logs hauled than any other man. He tells

me that his wagons and engine hauls about 32,865 tons annually from around Cane Valley to Campbellsville, and will continue to haul for a good many years to come yet. Now this is the tonnage of logs alone, whereas there are a great amount of produce and lumber hauled from Cane Valley to Campbellsville and goods hauled from Campbellsville to Cane Valley, wagons hauling to and from Campbellsville daily. Perhaps the produce and lumber will surpass the tonnage of the logs.

Guinea lay a large number of eggs in the course of a summer. They lay rather steadily for nearly eight months, with only a day or two off at long intervals. It may be said that the eggs are not of as great food value as chicken eggs, because guinea eggs are smaller; but guinea will gather more of their food if there is a range they can run on, so the guinea will yield a good profit for the reason that their eggs or their meat costs so little, either in work or in salable feed.

Two Eggs a Day From a Hen.

Maine Experiment Station says two eggs a day from a hen is an actual possibility. The latter part of February, 1906, a pullet that had recently begun laying apparently laid two eggs a day. Although it seemed a clear case, it was not recorded, as it was thought possible that a mistake had been made in reading the number on the leg band used to distinguish the fowls. Trap nests were used.

When the same hen again laid two eggs, on March 21, record was made, and to guard against possible error in reading the number on the band, she was banded on both legs, thus distinctly marking her, as no other hen in the house had two bands.

During March and April there are records of five days on each of which this hen laid two eggs. It should be added that the records of days on which she was known to lay two eggs came during the months of her greatest egg-producing activity. For the five days beginning with April 7 eight eggs were laid.

Interrupted The Wedding.

The other day, at the Shawnee county Court House, Probate Judge Schoch was about to marry a young couple. He pronounced the preliminary words and told them to join hands, and started on the ceremony.

"Hey, there! Hold up a minute! Wait, I say!" This series of startling exclamations came from the door.

The groom was horrified—the bride badly scared.

"Just a minute. I want to give you each an apple before you are married," said the man who had made the noise. And in he calmly walked and handed each of them a Crisp Golden.

It was one man's idea of a joke.—Kansas City Journal.

That nearly five million bushels of corn will be exported from

Louisiana this year is the official estimate given out by Commissioner of Agriculture Charles Schuler, upon reports received from the corn growing sections of the State. Such shipments will have been unprecedented in the history of Louisiana. The ravage of cotton by the boll weevil, it is said, is responsible for the unparalleled corn production.

A man is never an experienced traveler until he gets over the desire to eat things he can't get at home.

If a man could have his picture taken while he is whipping his children he would quickly acquire a large stock of patience.

Lots of men would take a cold bath every morning if they weren't afraid they would get the habit of bragging about it the rest of the day.

After a man has mended the error of his ways it is astonishing how many forcible words he can think of while the dentist is working on him.

How to Sell the Culls.

The best disposition any fancier can make of his cull birds is to dress them and sell them in the market. It is dangerous to the reputation of the breeder of fine poultry to sell them alive at any price. We once knew a fancier to sell his cull birds alive to a grocer. The next thing he knew a huckster poultry dealer was offering birds of his strain for sale and a little inquiry showed that the enterprising grocer had sold the cull birds to the huckster at about twice the market price.

On one occasion we sold thirty-five culls to a man who "just wanted plain layers, didn't care for points or scores." These birds were sold for just what they were for a little more than the market price. It was not long before a letter from the buyer of these birds appeared in a farm paper denouncing our stock in unmeasured terms as being unfit to breed. Since that time we have never sold a cull bird alive. Kill the culls for if you sell them alive some one will see them and judge your whole flock by them.—Poultry.

A good many dairy farmers are paying a great deal of attention to winter dairying. They find that they get better prices for milk and for butter during the winter than during the summer months. They have more time in winter to devote strictly to dairy work. The calves may be brought along to the best advantage during the winter months, and they are ready to make good use of the young grass when it comes on in the spring. Such dairymen allow the herd and calves to take care of themselves to a certain extent during spring seeding and summer harvest, when their attention is fully occupied with growing crops.

Tell every body that The Columbia Fair will be a good one this year.

Sam Murray Suddarth has been on the sick list for the past week.

Mr. Luther Murray and family were visiting Messrs. Clay and Jim Suddarth last Sunday.

A Truth Well Stated.

A whole volume of sound sense is compressed into a few words by President Finley, of the Southern Railway, in his address to the students of the University of North Carolina. Among other things he said:

In whatever career the young man of the South may select, he will find opportunities at home among his own people. He will not find it necessary to go either to the North or to the West. As

time goes on he will find these opportunities in increasing abundance, for the economic strength of the South, already great, is constantly increasing.

The wealth of our section in natural resources is being supplemented by increased financial strength, and Southern communities are becoming better able to finance their own enterprises and less dependent on outside capital.

The South needs every one of her young men, and those who are faithful to her she will bountifully reward.

Great as has been the growth of the South, that section is only at the beginning of its career of development. The South is not overcrowded with population and can for many years yet furnish opportunities for all who earnestly seek them. Far-sighted financiers, railroad men, and other leaders of industry are almost unanimous in predicting that the greatest development of the next two decades in this country will occur in the South.—Washington Post, June 1, 1909.

Liver Trouble Remedy Free

Any intelligent person can be his own doctor in the ordinary case of liver trouble, for the symptoms cannot be mistaken. If the white of the eye becomes yellowish, if the skin becomes sallow, if pimples and blotches appear, if the bowels do not move, if you have sick headache, if you are bilious, you may be sure that your liver is torpid or inactive.

The quickest and surest remedy yet found for the cure of liver trouble or any of its symptoms is Dr. Caldwell's Syrup Pepsin. This wonderful remedy is not only a laxative, but a tonic as well. It will start the slowest of staid subjects, thereby enabling the liver to do its work naturally. A bottle of this great liver remedy can be bought of any druggist for 50 cents or \$1. and in many cases a single bottle has cured a chronic case.

For example, John W. Lee, 515 S. Pennsylvania ave., Indianapolis, Ind., had a stubborn and very long-standing case of liver trouble, with pimples, blotches, jaundice, etc., and it cured him. Mrs. B. Filchum, Jackson, Ky., says the same of it. Thousands of families keep it in the house against just such an emergency, as you can never tell when some member of the family will need a good laxative.

In order to have you or any other sufferer from the liver make a test of Dr. Caldwell's Syrup Pepsin without personal expense, Dr. Caldwell will send you a free test bottle if you will send your name and address. The bottle will show you how pleasant it is to take, how gently it works, and it will start you on the cure of your trouble and convince you that you have found a cure. This is the object of the sample, and the doctor urges you to send for it today.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

ANNOUNCEMENTS

FOR CIRCUIT COURT CLERK

We are authorized to announce C. P. Burreas a candidate for the office of Circuit Court Clerk of Adair County, subject to the action of the Democratic party.

FOR JAILER.

We are authorized to announce C. G. Jeffries, a candidate for Jailer of Adair county, subject to the action of the Democratic party.

We are authorized to announce A. A. Miller a candidate for Jailer of Adair county, subject to the action of the Democratic party.

The attempted reduction of the tariff, now in operation in our National Capital, is bringing to light the true situation and that is that several Democratic representatives are merely looking after their own, while the interests of the rest of the country seems but a trifle. To the true and ardent believer in a tariff for revenue only, to those who believe in advancing the interest of the great mass of people instead of pandering to the small, but powerful class, the position of these Democratic representatives is humiliating. It seems that they have joined the Republicans in the policy of taxation, in the desire to unduly advance and to gain an advantage for the leading interests of their districts over the rest of the country, caring but little if the great bulk sinks or swims. In other words there are a few Democrats in Congress, in both branches, that have pitched aside the great doctrine, equal rights for all and special privileges for none. They have deserted the true spirit of Democracy and are following the promptings of greed and injustice, seeking protection rather than revenue. Party principles

are too shallow to bind them, their platforms too weak to hold them, and when the next battle pulls off between the two promptings of mankind, the one seeking universal justice and fair play, the other battling for local interests, gaining an advantage for the few, at the expense of the many, they will be found converts of shrewd commercialism. On the other side there are those who have seen the injustice of taxing one class of people to advance another class. They have tired with the burden that comes to the agricultural part of the country to maintain luxury and create abnormal gains to the manufacturing sections. They believe a high tariff an imposition on the great bulk of people and are in the open for a readjustment on the reducing theory. If the spirit, the impulse, to work for the entire people is leading them, soon they must part from their political associates and become valuable to tariff for revenue only, equally and justly distributing the burden of indirect taxation. Since the tariff is the paramount issue between the two parties there are inconsistent members on both sides and a shifting of political affiliation would do much to clear and cleanse both and enable every section and both parties to have true and unflinching representatives.

The crusade against intoxicating drinks has been on for several years and the country is steadily drying. Coincident with this movement the introduction of soft drinks took a rapid growth and at this date Coca Cola, Ginger Ale, Lemon Sour and the dew drops from many other flavors may be enjoyed at nearly every store in the entire country, while the towns are better equipped to furnish soda water with ice cream attachments. The force behind the temperance move has pressed its cause on the ground that intoxicants are dangerous and destructive, all of which we most heartily endorse and believe, but to be plain, it appears that there is danger lurking in the tight bottles of flavored water loaded with gas. Within the last few days there have been two coca cola explosions in Columbia and two men were cut

by flying glass. Should a thirst be acquired for soft drinks, to the same degree that the sot has for intoxicants, and when too much has been imbibed, the danger of going to pieces is apparent. It is strange that Mr. Waterson, in his efforts to retain the legal sale of intoxicating beverages, has not pointed out the dangers of soft drinks.

Mr. A. A. Miller announces his candidacy for jailer of Adair county in to-day's News, subject to the action of the Democratic party. Mr. Miller is a son of the late James P. Miller, and was born and reared at Crocus, this county. He comes from a strong and influential Democratic family, himself having voted and worked for the ticket at every election since he became a voter. Mr. Miller is popular in his immediate section and is fairly well acquainted throughout the county. He expects to visit all the voting precincts before a convention or a primary is held, make new friends, and to do everything honorable in his power to win the nomination. He asks that his candidacy be favorably considered, promising that if nominated to make a vigorous canvass and if elected to make a faithful officer.

Dispondent on account of poor health, Charles L. Hughes, one of the best known lumber men in the State, committed suicide by shooting himself in the mouth, the ball penetrating the brain, in Louisville, last Wednesday night. He was Vice President and Treasurer of the W. J. Hughes & Sons Lumber Company, 14 th and Maple. The firm has been patronized by contractors in this section for many years.

A number of the local unions of the American Society of Equity in Bracken county have issued calls to their members, asking them to discuss the matter of building "Equity" flouring mills in the county. It is proposed to sell the stock to farmers only and make the concern a strictly farmers organization. If the company is organized the mill will probably be located at Augusta.

The murder of Elsie Sigel, who

was a grand-daughter of Gen. Sigel, in New York City, is still a mystery. Leon Ling, who is believed to be the murderer, has made good his escape. The girl was a missionary and was working in a Chinese settlement. She was murdered and her body placed in a trunk.

Senator Bailey, of Texas, has been voting with the Republicans on measures advocated by his Democratic colleagues. He is now writing explanations to his constituents. The most effective way to explain is to resign and go home.

Gov. Wilson has appointed John P. Haswell, of Breckenridge county, Railroad Commissioner from the First district to succeed Mc D. Ferguson, who recently died. Ferguson was a Democrat.

The public is getting very tired of the metropolitan papers taking up so much space with divorce proceedings filed by old society blisters. Mrs. Katherine Clements Gould against Howard Gould, for instance.

Hustonsville suffered a destructive fire last Tuesday night. Three business houses and a livery stable in the center of the town were consumed, entailing a loss of fifteen or twenty thousand dollars.

A monument to cost \$25,000 is to be erected on the State Capitol grounds, Nashville, in memory of the late United States Senator E. W. Carmack. It will be a just tribute to one who was a great man.

Jamestown.

We have had plenty of rain.

To The Voters of Adair County.

I am a candidate for jailer and earnestly solicit your vote and influence.

MY REASONS FOR RUNNING.

The Republican candidates for the nomination for the different offices in Adair county which were to be nominated at the primary election which was held on the 24th day of last April went into a sworn obligation not to use money or whisky or permit their friends to do the same in order to influence voters in said primary election.

I proceeded to canvass the county asking my friends to support me and at no time did I offer to buy or agree for any of my friends to use either money or whisky to influence voters for me.

I made an honest flat footed race from beginning to end. On the other hand I have sufficient evidence to convince myself that my opponent, Mr. A. W. Tarter, did use or permitted his friends to use money and whisky to influence voters in said primary election and I expect to prove this to the people. To the ones who supported me I am truly thankful because I know that none of them had to be bought. To the ones who did not support me I have no ill feeling but only ask all to thoroughly consider the matter and decide which of us is the most worthy of your support.

If I had been defeated in a fair way I would have stepped down and out without a word, but under the circumstances I consider it my privilege to remain a candidate. Owing to the fact that I am so often asked by my friends whether or not I expect to run, I do hereby make a public announcement of my candidacy.

Yours truly,

J. K. P. Conover.

Desirable property for Sale.

We have been in the mercantile business at Cane Valley, Adair county, Ky., for twelve years, and have constantly had a good trade, and have made money. We desire now to engage in other business and wind up our outstanding affairs, therefore, we offer our store-house, warehouse, stock scales and undertake's business and general stock of merchandise for sale. To the man who wants to secure a good stand, the best in Cane Valley, a town of three hundred people, three churches and a good school, this is his chance. There is not a more desirable community in Adair county. The town of Cane Valley is located on the pike six miles from Columbia and twelve from Campbellville. Here is a bargain for some man. Address J. W. Sublett, & Bro. 31-67 Cane Valley, Ky.

Special music at the Presbyterian church next Sunday forenoon.

I have a few bushels of whippoorwill pens for sale. C. S. Harris.

Rev. A. R. Kasey will be one of the speakers at the Presbyterian church next Sunday forenoon.

Gradyville

Rev. John Roach, of East Fork, was here Thursday.

Mrs. B. B. Grissom, of Columbia, spent last week visiting the family of W. M. Wilmore.

J. A. Dibble was at Cane Valley last Saturday in the interest of his school.

Messrs. Walker & Allen are on the market for dark tobacco at this time.

Diddle & Parson bought a nice lot of wheat last week from Geo. Kemp, of Kemp, at \$1.35 per bushel.

Flour is worth \$4.00 per hundred, and bacon 15 cents per pound on our market and ready sale at these prices.

J. A. Diddle has put in stock scales near his new barn which will be a great convenience to our people as well as to himself.

Rev. W. M. White filled his regular appointment at Union church last Sunday with a very interesting discourse.

Several from this place attended the all-day singing at Milltown last Sunday. It was conducted by Prof. John Pickett. They reported a good time with plenty of good singing and a nice dinner.

Mr. and Mrs. Bruce Mont-

gomery, of Columbia, spent last Saturday night visiting their relatives at this place. Mrs. Montgomery remained with her mother, Mrs. J. D. Walker, during the week.

Mr. and Mrs. J. A. Diddle entertained several of their relatives last Saturday night in honor of Miss Ruby Grady, of the Lone Star State. The evening was pleasantly spent and will long be remembered by every one present.

Messrs. W. R. Lyon, Ed Atkins and W. T. Button, traveling men out of Louisville, made our town last week.

Mrs. Thomas Grady, one of our oldest women, has been in very feeble health for the past month or so with a complication of diseases.

Miss Ann Dohoney and Mrs. George Atkins, of Milltown community, were calling on their friends in our city last Thursday afternoon.

Mr. R. L. Davis, of Portland, was in our midst last Thursday and reported everything moving off quietly in his community with plenty of rain and high water.

Mr. and Mrs. J. N. Coffey, of Columbia, spent last Saturday night and Sunday with their relatives in this community.

Mr. Tim Corbin, one of our good citizens and is fine on locating bee trees, found one last week and cut it. He got 80 pounds of honey. Who can beat

that for one tree?

Mr. J. D. Walker, the well-known tobacco man as well as farmer and trader, of this section, was very successful in killing coons one day last week. We understand that the only got four.

Brack Cain sold a nice bunch of heifers to J. D. Walker one day last week at a fancy price.

Mrs. Jesse Breeding, of Nell, was in our midst one day last week and reported that Mrs. Breeding, who has been in delicate health for several years was getting along nicely.

Dr. J. H. Grady was called to the bedside of his brother, Mr. A. A. Grady, of Park, Ky., last Monday morning. The doctor arrived a short time before he breathed his last. Mr. Grady was born and reared in this town, and every body who knew Mr. Grady knew that he was a good man. He was 75 years old and a strict member of the Methodist church and a Christian in the truest sense. He was also a member of the Masonic Fraternity. He had been afflicted for several months with a complication of diseases. He leaves a wife and several children besides two brothers and one sister with a host of relatives and friends to mourn their loss. This entire community extends its sympathy to them in their sore affliction.

Mr. J. F. Pendleton, one of our prosperous farmers as well as stock man, has a bunch of the nicest lambs in this country. It would pay anyone to call and see them.

Great suffering is the lot of all women, who neglect the health of
their organs. No reason to do so, any more than to neglect a
cancer, or any other disease, that the right kind of medicine will cure.

Wine of Cardui

For all your womanly ills. It can never do harm, and is certain to do
good. Mrs. Sallie H. Blair, of Johnson City, Tenn., writes: "I had suffered from womanly
troubles for many months, and had four doctors, but they could not help me, until I began to take
Wine of Cardui. Now I think I am about well." At all reliable druggists, in \$1.00 bottles. Try it.

Russell Springs.

The local showers last week
dampened the ground good, and
the farmers in this locality have
been wearing a heavy counte-
nance.

Russell Springs is rapidly
changing itself from a small vil-
lage to a modern city. Its growth
is more rapid now than ever be-
fore, and it is nothing uncom-
mon for several good buildings to
go up in a single week.

Morrison Smith, one of our en-
terprising merchants, has moved
his line of Merchandise from the
Kimble building to a new build-
ing on the Judge Irvin block.
Look out for his ad. in this paper
soon.

Mr. Welby Absher has accept-
ed a position as clerk in Snow &
Poppewell's store. Mr. Absher
is an industrious young man and
we think he will give satisfac-
tion.

The Russell Springs Base Ball
Club will reorganize June 26. We
will have the swiftest team that
ever existed in Russell Springs.
If you don't believe it, just be at
the Fair and see us go up against
Monticello. Some of the promi-
nent members will be: L. M.
Wilson, Isbell, Aaron, Payne,
Phelps, Adams, Richards, Har-
ris, Madaris and Lawless. Hud-
son and Madaris, the pitchers,
are both in trim, and we expect
them to do good work in the box.

Miss Mollie Flowers, of Grady-
ville, who has held a position in
Mrs. Ermine Wilson's store, has
resigned for some cause unknown,
and is now making her home with
R. G. Woods and wife.

Russell Springs is well supplied
with plenty of ice cold drinks.
We have two confectionaries
owned by G. A. Kimble and M.
F. Upton. Oh, what a time at
the Fair, plenty to drink.

Mrs. A. R. Humble, of Som-
erset, is visiting her father, Wm
Vaughan, of this city.

Miss Ellen Epperson, who was
employed by the Supply Co., has
returned home on account of sick-
ness. Miss Ellen is a girl not only
praised by her employee, but by
all who know her.

L. R. Wilson, Administrator
of H. J. Voils, deceased, says he
is now ready to settle all debts
against said estate. You will see
him at the Supply House.

There will be a one day fair at
Russell Springs, July 3. Every-
body come and have one more
big time.

F. W. Wade and wife of this
city, have been on an extended
visit to Lincoln county.

Prof. U. G. Hatfield, of Tom-
kinsville, is spending his vacation
in Russell Springs.

Bro. Galer preached to a large
congregation in the Baptist
church last Sunday. He layed
plans, whereby a new church
could be erected and afford a
united place for worship.

The Supply Co. has the best
line of merchandise in this coun-

ty. If you don't believe it, just
go and ask their head clerk, L. R.
Wilson.

Hoping to see you all at the
fair, I will close, so good-by.
You will never see my face again.
I am going to grow whiskers.

Commissioner's Sale.

ADAIR CIRCUIT COURT, KENTUCKY.

William M. Webb & Co., Plaintiff,

Geo. Gentry, et al, Defendant,

By virtue of a Judgment and Order
of Sale of the Adair Circuit Court, rendered
at the May Term, thereof, 1909,
in the above cause, I shall proceed to
offer for sale at the Court-house door
in Columbia, Ky., to the highest bidder,
at Public Auction, on Monday the 5th
day of July, 1909, at 1 o'clock p. m., or
thereabout (being County Court) upon
a credit of six months, the following
described property, to-wit:

Three tracts of land located in Adair
county, on the waters of Sulphur creek:
1st tract contains 20 acres, 2nd tract,
50 acres, 3rd tract, 35 acres. These
three tracts lie adjoining. Each tract
will be sold separately. Any one desir-
ing further information, are referred to
Geo. Gentry and Page Hudson, who are
interested parties and will show the
land to prospective buyers.

For the purchase price, the purchaser
with approved surety or securities,
must execute Bond, bearing legal in-
terest from day of sale until paid, and
having the force and effect of a Judg-
ment.

H. T. Baker,
Master Commissioner.

Pure, fresh air is the best in-
vigorator on earth. It is a neces-
sity in the poultry house, the in-
cubator room and the brooder
house. The old fowls must have
it, the eggs require it, and with-
out it the chicks will die. Care
must be used in supplying it,
however. So arrange the venti-
lation that there will be no direct
drafts, but an easy, free circula-
tion, carrying out the poisoned
air and supplanting it with fresh,
sweet, pure air that the Creator
has so bountifully furnished for
man, beast, bird and reptile.

Increased Tax on Paper.

The outrages in the Senate tar-
iff bill accumulate and about the
most outrageous was the amend-
ment passed last week doubling
the duty on paper. The Paper
Trust is one of the most complete
in this country and it has been
enabled to put up the price of
paper upon which newspapers
are printed at least forty per cent
in the last few years. The sur-
plus product of the American
mills is sold in Europe cheaper
than it is sold in this country and
paper ought really to be upon the
free list. A tax on newspapers
is a tax on intelligence. An in-
creased tariff will probably mean
a still higher price for paper and
many publications will be forced
to either increased their subscrip-
tion price or go out of business.

Women Who Are Envid.

Those attractive women who are
lovely in face, form and temper are
the envy of many, who might be like them.
A weak, sickly woman will be nervous
and irritable. Constipation or Kidney
troubles slow in pimples, blotches, skin
poisons and a wretched complexion.
For all such, Electric Bitters work won-
ders. They regulate Stomach, Liver
and Kidneys, purify the blood; give
strong nerves, bright eyes, pure breath
smooth velvety skin, lovely complexion.
Many charming women owe their health
and beauty to them. 50c at Paul Drug

The weather is ideal for loaf-
ing. It is so wet that people
have to stay out of the fields.

Wheat harvesting time is here
and the prospects are that some
wheat will spoil before it is cut.

Hay is a short crop owing to
so much rain.

The fruit crop will be short
on account of the late freeze.

Not a full crop of tobacco set.
Farmers could not prepare the
ground on account of so much
rain.

Mr. V. Dunbar and family vis-
ited W. E. Bryant and family
last Sunday.

Born, to the wife of Charlie
Hardwick June 13th a ten pound
Democrat.

Mr. R. A. Cooley has moved
his saw mill to the second set
of the Arnold timber and is ready
for sawing.

Mr. D. J. Bowen will start his
threshing machine just as soon
as wheat is cut and dry.

Mr. W. O. Pelley, the produce
man, makes this town once each
week and pays us good prices
for poultry and eggs.

Mr. J. L. Beard was in this
section last week buying hogs
and cattle.

J. G. Knifley found a notice
on his door one morning last
week telling him to get out or
he and family would be burned
or murdered.

Mr. C. G. Jeffries, Democrat-
ic candidate for Jailor, will carry
this precinct which speaks well
for his fitness for the office.

Wheat is having a hard time
in the shocks and corn is suffer-
ing in the weeds on account of
so much rain.

Born, to the wife of J. W.

The crops are looking nice in

this locality, and the health of it
is very good and if it don't stay
good the weeds are going to get
the best of the crops.

Miss Josie Loy has been sick
for the past few days, but is im-
proving at present and will be
out again in a short while.

Mr. Milindar Hadley swapped
horses last week. He traded for
one of these big mules about 14
feet high.

Wheat harvest is about through
in this locality. The acreage is
large, but the crop is not so good.

We have a good prospect for
some fruit to gather this Fall, as
the crop is larger than it has
been for years.

Mr. Robert Antle is back from
Bowling Green where he has
been going to school, and also he
is the nominee on the Republican
ticket for County Superintendent.
He is an honorable gentleman
and all persons in this County,
now have a chance to vote for a
man that is in favor of building
the high school at Jamestown.
So consider his claim.

Tobacco crops in this section
are looking fine and the largest
crop that has been set in my
recollection.

Mr. Les Bennett was in this
locality one day last week buy-
ing hogs.

Mr. Hiram Shearer is mightily
distracted about his corn crop.
Any one who has a good snake
rake and don't need it, can get a
good price for it from him.

We are having lots of rain so
as to keep the river up for the
steam boats.

Mr. U. H. Kilpatrick, of this
place, who has been in the stove
business for several years, has
gone to hard work and will make
it all right yet if he doesn't kill
himself on the start.

The Sunday School Convention
at Union Chapel last Sunday,
conducted by W. S. Knight and
others, gathered the largest
crowd that has been at that place
for quite awhile, and the best
order.

Decatur.

Mr. V. G. Rexroat lost two
valuable horses from lightning
last Sunday morning while stand-
ing hitched to the buggy under a
shed, the family sitting in the
porch, saw them fall. A severe
loss to him especially at this time
of the year. They were probably
worth \$300 being well matched

Dirigo.

From some cause unknown to me the News fails to reach this office occasionally.

Whooping cough is very thick in this section.

Mrs. Eldridge Stotts has been in a very critical condition for the past few days.

Johnson Stotts and family, Rube Bohanon and family, and Mose Wooten and family, have recently become citizens of our city.

Z. T. Bennett, our efficient mail carrier, has moved to the place he purchased from Johnson Stotts last spring.

Melven Petty had the misfortune of losing a valuable work mule last week. He turned the mule together with others outside last Sunday morning. It went up the creek a short distance to where a picket fence was washed down and in crossing the fence stepped a hind foot between two pickets and fell over the bank into the creek. This should warn people that it is never wise to allow their stock to run outside. And again such fence should not be allowed to lay on the ground as they thus become a stock trap.

Mrs. Marion Norris and Miss Laura Campbell, were shopping at Breeding last Wednesday.

Messrs Elmor Harris and Rob Scott, Sparkesville, were here last Thursday squirrel hunting.

J. W. McClister, produced quite a sensation in this neighborhood the other night by announcing over the phone that he had just killed a strange and wonderful fowl. But upon investigation next morning it proved to be only a very large crane of the stork variety.

Matthew Wooten, Sparkesville, did business here a day or so last week.

Will Yarberry, Rugby, was here last week looking after some hogs he has here.

The farmers are about through cutting wheat. It is thought that the yield will be some better this year than last.

A whisky shop has been opened up about three miles from here in the southern part of the county. There has been more drunkenness seen along the public roads, etc., here during the last two weeks than has been seen in two years before. But if the officers of the county and district will do their duty it will not last long.

Rev. Joe Brake will preach at Independence the second Sunday in next month, Rev. J. T. Jesse the third, and Eld. D. Janes the fourth.

The colored folks had a rally at their church near Rugby last Sunday. The darkies from this place report a large crowd, plenty of dinner and good behavior so far as the negroes were concerned, but some white boys who were in attendance had a little fight. Shame to those who engaged in it.

As it has rained so much, lately, the corn fields in this section might be termed weed patches.

This community is beginning to feel the need of a church. Just think that there is not a building nearer than Breeding devoted entirely to the service of God. We should wake up, and not have it said that we were outdone in the religious lines by

our forefathers. Before the civil war devastated this section we had three thriving churches. Old Mt Vernon, Presbyterian, Old Ebenezzer, United Brethren, and Old Bird Chapel, Methodist. But they are gone. Nothing is left to show where they stood except the vacated cemetery at Mt. Vernon now growing up in a thicket. So friends lets awake to our duty. Lets get to business. Lets have at least one church within the near future. I, for one, am willing and ready to do my part. What say ye?

Montpellier.

We are having an abundance of rain in this section.

The health of this community is good. No sickness at all except one case of flux.

Farmers are about through harvesting their wheat. It is said to be pretty good.

Corn is looking very fine and so is the weeds.

We are enjoying plenty of vegetables of all kinds, especially Irish potatoes.

Miss Mary Miller, of Columbia, is visiting the family of Mr. Luther Williams this week.

Mrs. Golda Grider and Miss Golsie Graham, Russell Springs were visiting the family of Mr. G. T. Hadley part of last week.

Rev. F. J. Barger filled his regular appointment at Pleasant Hill last Sunday.

Mr. Clarence Hurt was visiting at home the latter part of last week.

Mr. Joe Whitmer, of Brennan, Mullenburg county, was visiting Miss Carry Bradshaw last Saturday and Sunday.

Miss Rosa May Conover and Mr. Joe Miller attended a basket singing at Republican last Sunday.

The teachers of this neighborhood are feeling a little nervous as they will soon know their fate.

Dunnville.

It is reported that a moonshine still is in operation about seven miles from here. Revenue men made an unsuccessful attempt to catch them this week. It is said that they are guarding the still and say that they will not be taken.

Levi Foley, of Webb's Cross Roads, passed through here last week en route to the teacher's examination at Liberty.

We had a regular old fashion June tide last week. The river got over a lot of corn and washed out a lot of fencing.

The friends of Mr. W. G. Ellis are booming him for the Democratic nomination for Magistrate in the Pellyton and Knifley District. Welby is a fine fellow and a good Democrat. He would be an honor to the office. He is, at present, overseer of the best road in Adair county.

We agree with the editor that the law should inflict a severe punishment on anyone who tries to intimidate another person. Hanging a few would have a good effect and stop a lot of murdering, etc.

We were mistaken about the winter tobacco crops. J. A. Pelley has set some, but the craw fish made the hills.

We are glad to hear that Mr. Bryan is going to try for the United States Senate. We trust and hope that the good people of

Nebraska will put him there. Something will be done if he gets there.

The young folks met in at Luttrell's Creek school house and had a good singing last Saturday night. It was decided that they would meet every Saturday night.

The Sunday School at Luttrell's Creek school house will have a picnic the second Saturday in July.

Mr. and Mrs. Joe Thomas visited the family of Mrs. Mag Rubarts Sunday night.

Miss Florence Rubarts, of Eunice, visited friends and relatives in this community Saturday night and Sunday.

Mr. Claud Weir, of Webb's X Roads, was visiting in this community Thursday and Friday. He reports weedy crops in his vicinity.

Z. T. Pelley and John Corneal, of Pellyton, were in this community last week looking for sheep.

John Keeney lost a very valuable work horse last week.

R. L. Dickinson has in his possession a bureau 150 years old. He also has a song book 110 years old, but the songs are a little out of date.

Crocus.

An infant of Mr. and Mrs. Jack Blankenship, died last Tuesday and was buried Wednesday.

Jim, the little son of Mr. and Mrs. B. S. Miller, is very sick this week.

Mr. Avaloe Collins and Miss Eula Polly, were united in marriage last Sunday.

Mr. H. K. Taylor and wife, visited Mr. B. S. Miller last week.

Mrs. Annie Hudson and Miss Cora Kelsey visited their grandmother Wednesday.

Mr. John Antle who has been in poor health for several months is no better.

Miss Scythia Bennett is not expected to recover. She has been sick for quite a while with pulmonary trouble.

Miss Eliza Vaughan is visiting relatives in Russell county this week.

Mr. Virgil Collins attended the singing at Liberty Sunday.

Misses Lola May and Mary Collins, were the guests of Mrs. Sarah Collins Thursday.

Mr. J. W. was offered \$300 for his two year old peacock horse a few days ago.

Miss Lucy Morgan is very low with consumption and is not expected to recover.

The singing at Simpson was largely attended Sunday. Prof. W. P. Morgan is a fine singer.

Mr. and Mrs. Geo. Collins were the guests of Mr. and Mrs. Tim Collins, Columbia, last week.

Owensby

Wheat harvest is about over for this season.

Owing to so much rainy weather the farmers have nothing to do but sit in the shade and watch the weeds grow.

Whooping cough is raging in this vicinity.

Miss Martha Murray, Mrs. Hulda Welford and little son, Edwin, were the guests of Miss Idell Sims and Mrs. D. C. Grider one day and night last week.
